Good-bye Mules -- Bears, Beware -- On Bearcats

Many Teachers Plan to Attend State Meeting

Our College Will Be Represented By At Least A Dozen From The Faculty--Several Will Appear On St. Louis Program.

The State Teachers' Association, which meets in St. Louis, November 11 to 14 and in which our college faculty is one hundred per cent enrolled, will be attended by the following members of the college faculty: President Lankin, Dean Barnard, Miss Dow, Miss DeLuce, Miss Painter, Miss Dykes, Miss James, Miss Manley, Miss Shepherd, Dr. Keller, Mr. Phillip, and Mr. Loomis. Miss Dow and Mr. Loomis were appointed delegates. Other faculty members may decide this week to attend. Many of our faculty are connected with the organization of the association in an official capacity. President Lankin is a member of the Executive Committee, the Committee on State School Survey, and is chairman of the Building Committee. Mr. Phillips is a member of the Legislative Committee. Miss Painter is secretary and Miss Dykes is treasurer of the English department. Miss DeLuce is secretary of the Department of Fine Arts.

Speakers of national reputation will appear on the program of the state convention. Among the list are: Governor Baker, Thomas Briggs, Professor of Education, Columbia University; Patty Smith Hill, Professor of Kindergarten--Primary Education, Columbia University; Miss Mary McSkimmon, President of the N. E. A.; Glenn Frank, editor of the "Century" magazine and recently elected President of Wisconsin University; Prof. Edwin D. Starbuck, winner of the \$20,000 prize on the program for Character Development; Dean F. J. Kelly of the University of Minnesota; Charles A. Lee, State Superintendent of schools; and John H. Clarke, former associate justice Supreme Court of the United States, who resigned in 1922 in order to give his entire time to work in the interest of World Peace.

Some of our college faculty will also appear on the program. President Lankin will address the Department of Elementary Schools on the "Specific Points of Emphasis in Teacher Training," Friday, November 13, at 2 o'clock in the Central High School auditorium. Miss Dow's address, "The International Point of View in the Teaching of Language," will be given before

the meeting of the Department of Modern Languages Friday, November 13, at 2 o'clock in Room 802, Chamber of Commerce.

The talk on "Ways and Means of Promoting Interest in the Drama in Our Scheme of Public Education," which was scheduled to be given at the meeting of the Department of Reading and Public Speaking by Miss McClannahan, will be given by Miss Dow, as Miss McClannahan cannot attend the convention.

(Continued on page two)

Plan Proposed For State H. S. Athletic Ass'n

Meeting At St. Louis This Week of High School Representatives Will Discuss Plans For Statewide Organization--University to Co-operate.

Invitations have been issued to all of the high schools of Missouri to send representatives to a meeting to be held in St. Louis next Thursday to discuss plans for a statewide athletic organization. The idea is to establish standard regulations and high ideals of good sportsmanship throughout high school athletic circles in Missouri.

The invitation reads as follows:

November 4, 1925
To All High Schools in Missouri:
The Northwest Missouri High School Athletic Association is inviting other districts in the state to send representatives to a meeting to be held Thursday afternoon, November 12, at 4:00 p. m. in Parlor A of the Statler Hotel, St. Louis to consider the advisability of a statewide athletic organization. It is not the purpose of those who are issuing the call to interfere in any way with existing groups, leagues or organizations, but solely to establish and maintain standard regulations and high ideals of good sportsmanship throughout high school athletic circles in Missouri.

We are asking you as an individual high school to be represented at the meeting for the purpose of giving such counsel and suggestions as you care to give. While it may be that the actual work of organization will have to be done by representatives of the district associations, yet any organization should be broad enough to take in every high school in the state and your advice and cooperation are requested.

As a matter of convenience in getting

Warrensburg Mules Are Crushed As Bearcats Continue Their Championship Drive to the Deciding Springfield Game Here Next Friday

WHAT WILL THE BEAR STORY BE?

Again the dependable toe of Eads gave the Bearcats a three-point margin over the Warrensburg Mules in a hard fought 10 to 7 victory. It was probably the best game played on the Warrensburg field for a number of seasons, with the pep and enthusiasm at its maximum height.

Immediately after receiving the kickoff the Bearcats successfully completed a number of line plays and end runs, advancing the ball well into Warrensburg territory where Eads gave Maryville the early three point lead that later decided the winner. Throughout this quarter the stellar work of the Bearcats backfield is to be commended as it tore large holes in the Mule line repeatedly, while Masters and Search are to be especially commended for their spectacular end running. A number of times the Bearcats had the ball within scoring distance but failed to cross the goal line for a touchdown.

In the second quarter the Bearcats proved that they were able to pass as well using other tactics when Eads completed a twenty-five yard pass to Byst who moved to Warrensburg's one yard line before being stopped. Willoughby scored Maryville's touchdown on an end run, and Eads added the extra point. The half ended 10 to 0 in favor of the Bearcats.

The Bearcats lacked the fight displayed in the first half throughout the whole third quarter, barely playing the Mules to an even break while in the fourth quarter Whitehead was able to complete a number of long passes and one for about forty yards to White across the goal line gave them a touchdown. Whitehead kicked goal. In this period of the game the Mules seriously threatened the Bearcat goal line a num-

ber of times but still the Bearcats held the ball well into their territory on more than one occasion showing that they had fight left and their offense was to be recognized. The game ended with the ball in possession of the Bearcats on their own twenty yard line.

The line-up:
Maryville Position Warrensburg
Borst l.e. Graff
England (e) l.g. McKeehan
Cox l.t. Dick
Graham c. Walbridge
Stone r.g. Gibson
Hartman r.t. Soph
Miller r.e. White

out the call, we are asking the various Teachers Colleges in Missouri to send copies of this call to all the high schools within their several districts. This movement has the support and encouragement of the University of Missouri which will be represented at the meeting in St. Louis on next Thursday.

Very truly yours,
The Northwest Missouri High School Athletic Association,
L. E. Ziegler, President.

Class Judges Sheep

Mr. Kinnaird and his stock-judging class visited the farm of Aley and Doyle, north of Maryville, Tuesday afternoon and judged the Fairview sheep flock there.

There are twenty-five students in the class.

Mrs. T. A. Todd, Trenton, spent last week-end visiting her daughter Willotta, at Residence Hall. She also attended the concert given by the Russian Choir on Thursday evening.

Mrs. Glenn's Father Dies.

Mr. Glenn, accompanied by his wife and son, Gilbert, was called to Washington D. C. last week by the death of Mrs. Glenn's father, W. D. Casey. Funeral services were held in Washington last Wednesday. Mrs. Glenn and her son will remain in Washington for a short visit with the former's mother.

Jewell Gose and Louise Freeman spent the week-end at King City, visiting Hazel Criswell and Ruth Pulley. Vesta Wright, St. Joseph, was also in King City.

Mary Grock and Marie Brunsternbaum have been added to the teaching force in the Demonstration School.

Miss Painter Talks To St. Joseph P. E. O.

Miss Painter went to St. Joseph Saturday where she addressed Chapter B of the P. E. O. at the home of Misses Ann and Mayme Dooley. Miss Painter discussed Edward Arlington Robinson's latest book of poems, "Doubts and Despairs." Miss Painter was the guest at a 1 o'clock luncheon.

IT'S UP TO YOU!

Never in its history has an undisputed football championship flag floated from the Towers of the Northwest Missouri State Teachers College.

Never has it had such an opportunity to win this coveted honor as it will have this Friday on the College gridiron.

The Bearcats are as good a team as the Springfield Bears. The teams will start the game on an even footing. Every man on both sides will hurl his best efforts into the fray.

The student body and spectators will hold the balance of power. Victory or defeat will depend upon the use of this power.

The outcome of this game is up to you--and you--and you. What are you going to do? Are you willing to talk football all week? Are you willing to yell until it hurts?

It's up to you!

ber of times but still the Bearcats held the ball well into their territory on more than one occasion showing that they had fight left and their offense was to be recognized. The game ended with the ball in possession of the Bearcats on their own twenty yard line.

Pep Squad Has Great Time in Mule-Town

Rah! Rah! and Maryville S. T. C. pep was represented at Warrensburg at the football game Friday. The boys who made up the pep squad are as follows: Floyd Cook, Clarence Rush, Paul Robey, Roy Ferguson, Floyd Moore, Stuart Tulloch, Floyd Lamsford, John Curfman, Donald Herrald, Joe Phipps, Dean Johnson, Russell Allen, Claire Sionecker, Verne Goslee, Austin Felton, James Everett Pierpoint, Jr., Oakley Caton, Jim Jones, Ward Barnes, and Carrol Adair.

These boys made the trip in cars, starting Thursday evening and returning Saturday afternoon. The details of the trip are as follows:

The boys arrived in Warrensburg late Thursday night and slept in the depot until 4 o'clock when they were invited to leave. Floyd Cook then rented a room and the boys slept in the room in shifts of one hour per pair. Floyd Moore, desiring to make himself a more comfortable bed, took the cushions out of one of the cars and made himself a bed. The other boys, not knowing of this, searched the town over for them and were about ready to call the authorities when the found Floyd's bed.

Chili for breakfast seemed to have a disagreeable effect on Stuart Tul-

loch and Floyd Lamsford.

Warrensburg showed its loyalty by its method of displaying the flag. The Stars and Stripes hung from the top of the flag pole, below it was a large flag of Warrensburg's colors and farther down was a tiny flag of Maryville's colors.

A large delegation met the boys at the train and girls carried the teams' luggage for them. Mr. Stit was overjoyed at finding a very dear friend among this delegation.

Warrensburg's motto seems to be "If you have anything to do let the freshmen do it." The freshmen made themselves handy by carrying luggage, guiding visitors and doing all the odd jobs. Friday was the last day of servitude for the freshmen, however, that evening the boys burned their green caps and the girls their green hose, which they were compelled to wear on every occasion.

Oakley Caton and Paul Robey were quite fortunate in getting in the game--free. One of the most ardent supporters was Coach Jones' father who drove down from Kansas City to see the game.

"Ikey" Eads formed a friendship which bids fair to be lasting. "Her" name is unknown.

It has been estimated that Paul Robey took the cheapest trip of any man that accompanied the team. Why? John Curfman did not do so well on his trip home. For the first time in his history his Ford failed him and he decided to remain in Odessa all night.

Some of the fellows were forced to remain in Kansas City Friday night--to see a show. "Doc" Pierpoint said he needed a real rest from his strenuous school work.

Every rooter was strong in his praise of the splendid treatment shown them by the Warrensburg students. All in all the first trip of the boys' pep squad was a marked success.

Debate Candidates Begin Preparation

The tryouts for the intercollegiate debating teams will be held December 8 and 10.

Mr. Wallin announced that the contestants would have two trials, one December 8 and one, December 10, each

Master q.b. Whiteman (C)
Eads r.h. Hutchinson
Willoughby l.b. Williams
Substitutions for Maryville: Moentmann for Hurman, Hamilton for Masters, Lewis for Stong, Hartman for Moentmann.

Officials: Referee--Bunn, Kansas U. Umpire--Proctor, Atchison. Head Linesman--Burke, Warrensburg.

Dope points to a 9 to 0 victory for the Bearcats over the Springfield Bears. This would be taking it from the most accurate calculation, while in another way the Bears have a thirty-seven point margin over the Bearcats.

If the Springfield-Cape Girardeau game is to be taken as the chief determinant then Springfield will defeat the Bearcats on their home field here Friday by a large score. The Bearcats defeated the Cape Girardeau Indians 3 to 0 on the Indians gridiron Thursday October 29, while on the following Saturday the Springfield Bears defeated the Indians 40 to 0, on the Springfield field. Under these circumstances it would be unfair to dope the Bears to win by a large margin.

To calculate more accurately Springfield defeated Kirksville 10 to 0. The Bearcats had a nine point lead on the Kirksville eleven when the game ended; therefore from these games Springfield has a one point better team. To consider the dope further, Warrensburg defeated the Bears 7 to 0. The Bearcats defeated Warrensburg with a three point margin. This alone would give the Bearcats ten points to go on, but subtracting the one point Springfield gained through the Kirksville games, dopes points out Maryville as a nine point better team.

Warrensburg showed its loyalty by its method of displaying the flag. The Stars and Stripes hung from the top of the flag pole, below it was a large flag of Warrensburg's colors and farther down was a tiny flag of Maryville's colors.

Debate Candidates Begin Preparation

The tryouts for the intercollegiate debating teams will be held December 8 and 10.

Mr. Wallin announced that the contestants would have two trials, one December 8 and one, December 10, each

contestant choosing his own subject. There will be twelve persons selected to continue preparation on the question which is chosen for debate by the colleges.

There will be three teams selected in January of two each who will represent the school in the final contests.

The schools on the schedule at present are Warrensburg, Cape Girardeau, Peru and Tarkio College. Mr. Wallin stated that there would probably be more debates scheduled later.

College Invites H. S. Athletes To Game Friday

Invitations Have Been Sent To Football and Outdoor Basketball Teams Of District To Attend Springfield-Bearcat Game.

Invitations were issued today to every high school football team and every outdoor basketball team in Northwest Missouri inviting them to be the guests of the College next Friday during the Bearcat-Springfield football game. The invitation was sent out by Mr. Wilson, chairman of the athletic committee. Last year these high school athletes were guests of the College at one of its football games. The following is the invitation that has been sent out: Dear Superintendent:

Perhaps you have heard it rumored that the Northwest Missouri State Teachers College has a football team. In the interests of good sportsmanship and to give the high school athletes of the district an opportunity to see for themselves the brand of football being played at the College this fall, we would be pleased to have as guests of the College, at the game on November 13, your football squad with its coach or your outdoor basketball squad and coach.

On this day we play Springfield of the Championship of the M. I. A. A. Our team has not been defeated and we are looking forward to the hardest and best game of the season.

In order to facilitate handling the crowd at the gate and to be able to identify the members of your party, we shall have to ask your coach to present his boys at the gate in a body under his personal leadership. The game begins at 2:30.

We trust we may have the pleasure of seeing your boys at the game Friday.

Yours faithfully,
M. W. Wilson, Chairman
Committee on Athletics.

Proposes Plan to Insure Support of Mo. Schools

"Severance" Tax, Tobacco and Mineral Tax Proposed As Constitutional Amendment To Finance Public Schools, Teacher Colleges and Universities.

The following is the text of the proposed amendment to the constitution of the state to provide a permanent fund for the support and maintenance of the public schools, the University, the five teachers' colleges, Lincoln University, and the Rolla School of Mines. The amendment will be presented through the initiative. This draft of the amendment was made by the committee in charge and was presented to the educational conference in Governor Baker's office last week.

"Be it resolved by the people of the state of Missouri, as follows:

"That at the general election to be held in the state of Missouri on Tuesday, the second day of November, 1926, there shall be submitted to the qualified voters of this state, for adoption or rejection, the following proposed constitutional amendment, to-wit:

"Section 1. That Article XI of the Constitution of the state of Missouri, entitled 'Education' be amended by repealing Section 7 of said article, and adopting in lieu thereof six new sections to be numbered Section 7, Section 7a, Section 7b, Section 7c, Section 7d, and Section 7e, which said new sections shall read as follows:

"Section 7. In addition to any taxes that may be levied for state purposes as authorized by Section 8 of Article X of the Constitution, there shall be levied and collected, in the same manner that state and county taxes are levied and collected, 5 cents of the \$100 assessed valuation on all the taxable property of the state. All moneys derived from said tax shall constitute a permanent fund for the support of the free public schools of the state of Missouri, the State University, including Rolla School of Mines, the State Teachers' Colleges and the Lincoln University, and shall be and stand appropriated, without legislative action, for and to said uses and purposes, and for no other use or purpose whatsoever.

"Section 7a. There shall be levied and collected a privilege or license tax to be known as a "severance tax," not to exceed one percentum of the market value, on all minerals, mineral deposits, and ores, including lead, zinc, (Continued on page two)

Again We Pause to Honor the Memory of Gold Star Heroes

When Father Time has brought another Wednesday to our midst he will have struck off seven years since that joyous day in 1918 when an armistice was signed which ended the Great World War. What a day of rejoicing that was. Mothers were to see their sons once more, sweethearts would be together again and many homes were to be brightened by the thought of "Daddy's" return. But many of our boys who went across did not return to brighten the home fires and it to honor these men who sacrificed their all, that we should so solemnly observe Armistice Day, November 11.

It is hard to appreciate to the fullest extent the meaning of this occasion unless one can look down upon the impressive scene of the thousands of busy people on Fifth Avenue, New York City, or State Street, Chicago, as they pause, silent for a minute, in the hurry of the day's work to offer up a prayer for those boys who lie in Flanders Fields. The very atmosphere seems to breathe a prayer and the great massive sky-scrapers echo their solemn "Amen." And after this national tribute has been paid, we move forward once more over thoughtful of those who died safeguarding America's ideals.

The assembly Wednesday morning will be devoted to an appropriate Armistice Day celebration. L. M. Eek will address the student body in behalf of the American Legion.

The following letter, written by the national commander, has been addressed to all members of the American Legion:

"At eleven o'clock in the morning seven years ago Wednesday the guns on the Western Front suddenly became silent. The greatest conflict of the ages was at an end. It seemed that the forces of death, destruction and desolation were exhausted.

"The black clouds of war receding left behind a torn, dazed and bleeding world, but liberty and justice had triumphed, popular government was rendered more secure, and modern civilization was preserved. The victory was worth the price. As soldiers in the armies of America we helped to bring about this victory.

"The cost in blood and treasure was staggering.

Insofar as in us lies we owe it to those who fell on Flanders Field and elsewhere, fell in a belief that they were fighting a war to end wars, to see to it that their desires and dreams for peace come true.

"The American Legion believes that, to a great extent, this can be accomplished by--

"The maintenance of adequate forces for internal and external national defense.

"The prompt enactment into law of the principle of the universal draft, thereby taking the profit out of war, and

"The immediate adherence by the United States to a permanent court of international justice."

J. R. McQUIGG,
National Commander, American Legion.

With Such Illustrious Progenitors It's No Wonder the Bearcats Fight

S. T. C. has every reason to be proud of this season's Bearcats, but seventeen years ago this fall the Northwest Normal was justly proud of the forerunners of our present team. According to a bulletin now in the hands of Dean Colbert and entitled "Football Souvenir 1908--Northwest Normal" the above is the result of the season of 1908.

This booklet contains information about many things which are not only interesting, but which played their part in making the College what it is today. There are pictures of the executives of the teams, of the administrative building (which was then under construction) of different campus views, of pep squads, and some yells of that year. There is also some recognition of the music and dramatic departments.

This was probably the first team which was composed entirely of men attending the Normal at that time was Homer Martien Cook and the coach was Paul A. White. The twin sons of the President were mascots.

The captain of the team C. P. LeMire,

quarterback, went to the University to study law. Emmett Scott, halfback, and Ross Scott, fullback, are now farmers living near Maryville. Will Ross played end. Maceo played tackle and R. Miller, center. C. B. Embree, now in Maryville, played guard and tackle. Chas. Moore played half back. O. E. Jones, guard and tackle, is now superintendent of schools at Hopkins. Newt Funk played tackle. C. Cox played quarterback and end. Orrin Airy, guard, is now with the Omaha Daily Star. Otis Gault, end and halfback, is now a mail carrier in Maryville. Frank Miller, end and halfback, is a farmer living near Maryville. Johnson played end and halfback. Keener, guard, is teaching near Pattonburg. Blaine Archer, end, is manager of the Shenandoah office of the Continental Service Co.

There is an interesting picture of the Girls' Pep Squad. The group, called itself "Zimmy's Zobo Zouaves" and the costumes were much more like those in the D. A. E. style show than those seen on the field this year.

The yells for that year included the Locomotive and Sky Rocket yells.

COLLEGE OATH

"We, who are here, disavow to this our College, by any act of cowardice or dishonesty. We will transmit this College to sacred things. We will never and do our best to make a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

YES, WE LIKE BOUQUETS

The following is an excerpt from a letter received by Mr. Keller from Dr. J. W. Seanson of the University of Nebraska, who spoke here on the program for the Northwest Missouri Teachers' Association:

"I wish you would express my personal appreciation to the editor of the Democrat-Forum, and also to the staff of the Green and White Courier. In my judgment, the October 19 issue of the Green and White Courier had in it one of the best written and most comprehensive summaries of the Teachers Association that one could desire. I was especially pleased with the human-interest feature that was emphasized in the write-ups. The little girl who quizzed me on my impressions certainly did an excellent piece of work in reproducing my ideas effectively. On the whole, the Green and White Courier is well-written, well-edited, and it seems to me that it brings to your patrons the spirit of the school and of the school's activities in a wonderfully natural way. I know of no other college that is taking so complete advantage of the opportunities in the field of publicity as your College is now doing."

The Open Forum

Freshman Representation

The Student Association of the Northwest Missouri State Teachers College has a representative Student Council for the purpose of regulating student activities in so far as it has jurisdiction.

For this purpose, a constitution was drawn up to regulate its activities. Three members of the faculty, well-known for their good judgment and sound thinking, and three members of the Student Council were chosen to draft this constitution.

For four months, they worked incessantly trying to write a constitution that was complete and fair in every detail. Successful student-council constitutions from colleges all over the United States were used as guides and models. Outstanding parts of these various constitutions were joined together in the splendid product of this labor. Every detail was thoroughly discussed before it was accepted or rejected. Every fault of our previous constitution was remedied in the new work.

When the constitution was completed, it was presented to the Student Council, to the Welfare Committee, to the administration, and to the student body. In every instance it was heartily approved and endorsed. The constitution was regarded as a fine work and a credit to its makers as well as to the constitution.

But the new constitution did not give representation on the Student Council to the freshmen class. This was not an oversight on the part of the constitutional committee. Rather, it was a question that was a subject of thorough investigation and was so handled only after impartial study.

This omission has paved the way for trouble. A large number of freshmen have been convinced after being unduly influenced, that the new constitution is not just or democratic and that the freshmen should have representatives on the council.

There are many good reasons why the freshmen were not given representation. In the first place, very few other colleges give the freshmen this right. This College, like any other successful institution, is established on the successful experience of other institutions. In the second place, the freshmen should have a year of apprenticeship. In this year, they will acquaint themselves with the customs and traditions of the college and they will better enjoy their future privileges when ready

to assume the attending responsibilities. In the third place, such things add to the spirit and traditions of the school. Spirit and traditions are essential in building a successful college and just such restrictions build up these necessary factors.

Maybe I'm wrong, but the four months of careful study of the constitutional committee means much to me. It is certainly discouraging to think that some persons should call our constitution wrong without giving it a fair test. It is hardly tried, yet it is classed as wrong and undemocratic.

A Student.

Is The Staff To Blame?

The "Curious Cub" got a "jolt" this week, a good hard one. When he asked various students and members of the faculty just what phase of our Courier they particularly enjoyed, he actually got this answer several times: "Why, I really don't know. I scarcely ever read any of it except the Stroller."

Now, the Stroller is all right but there is something else in our College paper, too, which should be of interest to all the students and faculty. Very often, there is some problem or some information which the college wishes to put before you and it uses the Courier as a medium.

It is rather disheartening to us reporters, who have been inspired by Mr. Sealeman in that he tells us how many thousand minds we are feeding each week when we laboriously write our news stories, to learn that many of those thousands read only the Stroller.

A Word Of Appreciation

Just a word of appreciation to the few razzers and loyal supporters of S. T. C. that accompanied the Bearcats to Warrensburg. For and on behalf of the Bearcat football squad, I wish to state that we think of you, and that we appreciate what you have done for us, that it is something we will not forget. We are thankful, we are proud of the way Maryville traditions were upheld from the sidelines at that game. We, as the Bearcat football squad, do not hesitate to say that these few deserve a great share of the credit of that victory for, without them victory might have been harder to gain. We wish to express our thanks and appreciation to them, one and all.

Sam England

PROPOSES PLAN TO INSURE SUPPORT OF MO. SCHOOLS (Continued from page one)

coal, iron, sand, gravel, stone, marble, granite, oil, gas, fuller's earth and other commercial clays and all other minerals whatsoever, which are mined, quarried, taken or severed from any land within the state of Missouri for commercial purposes, such tax to be levied upon the gross value of such minerals at the place where produced, and collected from the producer thereof at such times and in such manner as shall be provided by the General Assembly, and the General Assembly shall enact such legislation as may be necessary or appropriate to carry out the purposes and objects of this section. All moneys derived from said severance tax shall constitute a permanent fund for the support of the free public schools of the state of Missouri, the State University including Rolla School of Mines, the State Teachers' Colleges and the Lincoln University, and shall be and stand appropriated, without legislative action, for and to said uses and purposes, and for no other use or purpose whatsoever.

The "severance" tax mentioned in the foregoing section of the amendment has drawn the opposition of J. D. Thompson, state auditor. Mr. Thompson, who has said that he favors the separate fund for the purpose outlined in the amendment, believes that the severance tax would work an unfair hardship on the mining industry in the state, according to a statement he issued last Saturday.

Section 7b. There shall be levied and collected a privilege or license tax upon each package of cigars and each cigar, sold at retail within the state of Missouri, said tax not to exceed ten per centum of the retail value of each package of cigars, and each cigar, sold. All moneys derived from said tax shall constitute a permanent fund for the support of the free public schools of the state of Missouri, the State University, including Rolla School of Mines, the State Teachers' Colleges, and the Lincoln University, and shall be and stand appropriated, without legislative action, for and to said uses and purposes, and for no other use or purpose whatsoever.

Section 7c. There shall be levied and collected a tax on inheritance and the rate for such tax shall not be less than the rates fixed by an act of the Fifty-first General Assembly, approved August 15, 1921, and found in the First Extra Session Acts of 1921, at pages 26 to 28, inclusive. All moneys derived from said tax shall constitute a permanent fund for the support of the free public schools of the state of Missouri, the State University, including Rolla School of Mines, the State Teachers' Colleges, and the Lincoln University, and shall be and stand appropriated, without legislative action, for and to said uses and purposes, and for no other use or purpose whatsoever.

Section 7d. All money derived from the taxes authorized by the foregoing sections of this article shall be apportioned by the General Assembly for each year, and not less than sixty per centum of said funds shall be apportioned to the free public schools of the state of Missouri. PROVIDED, that no part of said fund shall be apportioned or given to any public school district as special aid unless such district shall have levied the maximum tax for school purposes as authorized by Section 11 or Article X of this constitution.

Section 7e. In no case shall the amount apportioned to the free public schools of this state be less than one-third of the total state revenue, exclusive of the interest and sinking fund to be applied annually to the support of public schools.

The CURIOUS CUB

"What part of the Green and White Courier do you enjoy the most or what do you read first and do you have any suggestions to offer the Courier staff?" was the question that the Curious Cub asked the following students this week:

Ned Colbert—"I read the Stroller and the Open Forum. I like the Open Forum section, especially. Oh yes, I occasionally read the front page too."

C. E. Rising—"I read the Stroller the first thing. The football stories come next, especially if it is about a game that has been played away from home. I like your Curious Cub section. We can see how people line up on various issues. I wish the Open Forum column would appeal to more students and faculty. It is a section where a fellow can express his ideas to the student body and express them, he should, however radical they might be. I should like to see that column grow."

Ruth Ramsbottom—"You ask what I read first in the Green and White. I read the headlines and the Stroller first. Then, I go back and read the stories whose headlines have attracted me. I enjoy the Curious Cub section. It adds interest by its personal appeal. I would like to see more high school articles and alumni news."

Elizabeth Mills—"I always read the football stories first. They have been exceptionally good this year. Of course, the Stroller gets honorable mention."

Miss Helwig—"I read the articles about the organizations so that I can keep informed concerning their various activities. Of course, I read the Stroller too, as everyone else does."

Tower Staff Now In Its New Office

The Tower Staff is established in its new office which is the small room just back of Mr. Cautfield's room. They now have plenty of room for their plates and other materials in addition to working space.

The editor-in-chief and business manager report that the view section is practically taken. The Art 71 class, under the direction of Miss DeLuce, is working on the subdivision pages and the Art 41 class, also under the direction of Miss DeLuce, is working on the division pages in color.

The staff urges that every one except the seniors have his picture taken by December 1, if the picture is taken by

other than a local photographer the picture should be turned in to the staff by December 1.

The coupon which is good for one-third the price of a Tower will be called for within the next few weeks. Each class is to select a candidate for Queen and the method of final choice will be determined soon.

MANY TEACHERS PLAN TO ATTEND STATE MEETING.

(Continued from Page One)

Miss James will talk to the Commerce Department November 13, on "Short-hand and Typewriting Contest." This meeting will be held in the Central High School building.

Miss Ella V. Dobbs, president of the M. S. T. A., believes that this will be a banner year for the Association as far as the program is concerned and that, according to the reports, it will also be a banner year in enrollment.

A breakfast will be given for the State Teachers' Colleges Thursday, and a Northwest Missouri State Teachers College luncheon for alumni and former students will be held at the City Club auditorium, Friday, November 13, at 12 o'clock. The price is one dollar per plate.

Y. W. Will Sponsor Golden Rule Day

The Golden Rule Day will be observed here Sunday, December 6, directed by the Y. W. C. A. under the supervision of Mr. Wells, who has been commissioned by Attorney-General, Robert W. Otto, as chairman of the movement in Nodaway County.

This Golden Rule Day is a day set apart when every family is asked to have a dinner such as the Armenians would probably have and to give the money which represents the difference between this dinner and their usual dinner to the Near East Relief Fund. The observance of Golden Rule Sunday is an effort unanimously endorsed by the outstanding leaders of fifty nations without regard to religion, sectarian or racial contacts. Attorney-General Otto stated in a letter to Mr. Wells:

"It is his hope," he continued, "that on this day millions of citizens in all the participating nations will be seated, figuratively, at the same table, partaking of the same food, thinking the same thoughts, thus entering into a new realization of the brotherhood of mankind, with the single idea of emphasizing the benefit accruing to mankind by the unanimous adoption of the Golden Rule principle in all of our relations, not alone individually but nationally and internationally. The action of Attorney-General R. W. Otto in urging universal observance of the day in all communities in Missouri is in harmony with the recent appeal of President Coolidge in which he said: 'The consistent observance of Golden Rule Sunday cannot but help to bring about the application of the Golden Rule itself to the misunderstandings of nations and of individuals.'"

The International Committee in charge of the observance this year includes Viscount Cecil of England, Dr. Fridtjof Nansen of Norway, E. K. Venizelos of Greece, Prince Carl of Sweden, Georges Clemenceau of France and Paul Hymans of Belgium.

FRESHMEN, SOPHOMORES, JUNIORS, SENIORS, ATHLETES

Do You Know?

"HOW TO STUDY"

The Student's Hand-Book of Practical Hints on the Technique of Effective Study

by WILLIAM ALLEN BROOKS

A GUIDE containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy, and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra-curriculum activities and for average and honor students who are working for high scholastic achievement.

SOME OF THE TOPICS COVERED

Scientific Shortcuts in Effective Study
Preparing for Examinations
Writing Good Examinations
Brain and Digestion in Relation to Study
How to Take Lecture and Reading Notes
Advantages and Disadvantages of Cramming
The Athlete and His Studies
Dick During Athletic Training
How to Study Modern Languages
How to Study Science, Literature, etc.
Why Go to College?
After College, What?
Developing Concentration and Efficiency
etc., etc., etc., etc., etc., etc.

WHY YOU NEED THIS GUIDE

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine," Prof. G. M. Whipple, U. of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked," Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain," Prof. G. F. Swain, M. I. T.

"To students who have never learnt 'How to Study,' work is very often a chastisement, a flagellation and an insuperable obstacle to contentment," Prof. A. Inglis, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort.

Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.

ADMISSION 35c.

All of these Attractions Will Appear in

College Auditorium

Maryville, Missouri

We'll Help to Bring **A Championship to Northwest Missouri**

We'll Help to **Slaughter the Springfield Bears** **On the College Gridiron Next Friday**

NEVER BEFORE IN THE HISTORY OF MARYVILLE AND OUR COLLEGE have we been so close to an undisputed Football Championship for Northwest Missouri. We realize what a championship will mean to our College, to the student body, to the faculty, to its many hundred former students over the state, and especially to the Varsity players. We realize what it will mean to Maryville as a city and to Northwest Missouri, of which we are a part.

WE ARE PROUD OF THE BEARCATS. We watched them beat Kirksville. We followed them through the papers to Cape Girardeau and saw them humble the Indians. Nervously and anxiously we followed them play by play, to their brilliant victory over the Warrensburg Mules Friday.

NOTHING IS TOO GOOD FOR NORTHWEST MISSOURI. Our section of the State is noted for its leadership. Now we want the football championship of the State for Northwest Missouri.

WE PLEDGE TO THE TEAM AND TO THE STUDENT BODY, OUR UNQUALIFIED SUPPORT IN BRINGING THIS CHAMPIONSHIP HERE. Springfield MUST BE DEFEATED. We realize that Only by the whole-hearted cooperation of all of us will this be possible.

The Springfield Bears might be able to beat our Varsity but **THEY CAN'T BEAT NORTHWEST MISSOURI.**

EVERYONE JOIN IN ON THE CHORUS—

The Stroller

By ? ? ? ?

The excitement at the D. P. office and the College Friday afternoon during the game reminded the Stroller of that definition of a football game which says it is twenty-two nice young men entirely surrounded by maniacs. The maniacs weren't all at Warrensburg Friday either and if you require proof for the statement consider the girl who wrote out the latest news from the game on a large sheet of paper and held it outside the door of Mr. Wallin's classroom so the sociology students would know that Maryville had made a touchdown. No one was any more excited than Mr. Hawkins who made the statement that if Maryville made a touchdown he would dance.

In one of his classes the other day, Mr. Loomis (who is an ardent radio fan) starting to quote from McCall's "Tests and Measurements" text said, "This is McCall speaking." In another of his classes Mr. Loomis gave the tests for twelve-year-old children and was somewhat surprised to find that some of his star pupils couldn't pass them.

At a Residence Hall house meeting the girls were surprised to have Miss Mather ask them to have their callers leave as soon as the red lights went on because she hated to have to close the door on the boys' backs.

As the Stroller passed through the Hall the other day she heard one girl say that she wondered how the expression "Step on it, kid" started. A girl who is a member of Dean Barnard's class in Freshman Problems told her that it was probably the statement made by Sir Walter Raleigh when he put down his cloak for Queen Elizabeth.

The Stroller wishes she were taking composition this quarter for she would like to write a composition on the subject of "Drains Save the School." Thursday morning "Slats" Selesman did some fast thinking and acting which deserve to be complimented. He had just started upstairs with both hands filled with copy when he met a girl (a large girl we would say if we were writing that composition) descending the stairs by the method often spoken of as rolling. Mr. Selesman realized that if she ever hit the bottom the building was doomed, so he threw down the copy, braced himself, stopped the girl, and saved the building.

In explaining the technical use of the word couple to one of his classes the other day Mr. Hake announced that "each canoe contains a couple."

At the Residence Hall party Friday night Mildred Omer was quite surprised to have President Lamkin ask her to remove her arm from around one of the girls until she realized that she was a "boy" for the evening. Some of the other "boys" powdered their noses in public.

Mr. Lawrence went into the office the other day and demanded some "athletic stationery." They had nothing but regular stationery so he will probably train his own. If you see sheets of paper jumping over tables and chairs or envelopes dancing through the halls you will understand. If he has time it would be a good idea to have a football game between the envelopes and paper.

If any of you College brides hear your husbands mention the fact that they would like to have waffles for breakfast and you don't know the details of their construction just ask Joe Hathaway for he has honestly obtained the blue ribbon for having a recipe without equal. After you have distinguished which Hathaway is Joe, by a process of elimination, approach him and ask him for the recipe, but when he gives it to you and tells you to put in 16 tablespoons of baking powder don't say anything to hurt his feelings just remember that it should be 16 teaspoonfuls for not many men have a nature similar to that of Olin Teasley, and like waffles when they contain that large amount of baking powder.

Literary Societies Hold Joint Meeting

The annual joint meeting of the Eureka, Philomathean and Excelsior Literary Societies was held last Thursday afternoon. The following program was given:

Irish reading Hazel Hawkins
Piano duet Wilma Cook and Margaret Mills
Talk—"Patriotism"—T. M. Walton
Solo—"Mother Machree"—Alyce Allen

Attention to Smaller Things, Need of World

—Says Sec. Caldwell

What the world needs today is not more leadership, but more people who will take the initiative in small things which lead to large things," was the statement made by C. A. Caldwell Thursday morning. Mr. Caldwell, secretary of the Maryville Chamber of Commerce spoke to the members of P

Omega Pi and students of the commerce department.

The purpose of Mr. Caldwell's talk was to give the students a little better understanding of commercial organizations. He outlined the purposes, organization and ideals of the Chamber of Commerce, and urged that the students get in touch with the branch in the towns in which they work when they go to teach.

"If there is anything for which the American nation can be censured it is that its people do not profit by experience. They think that whatever is today is permanent. The Chamber of Commerce is trying to train the people to think ahead, to investigate, and then to act," said Mr. Caldwell. The speaker added that he believed business today was more honest than it ever had been in the history of the world and that the world was getting better all the time.

Merrill Epperson, a student of the College was taken ill last week. His illness was first pronounced pneumonia but a second examination revealed the fact that he had malaria fever, a rare disease for this locality.

Eva Mae Conlin a student of the college who was taken to the St. Francis Hospital Monday night for an appendicitis operation is doing very nicely.

Class Observes Inductive Teaching

Miss Shepherd took her class in Principles of Teaching down to the Demonstration School Friday to observe an inductive lesson in second grade numbers.

Stewartville Boys Win DeKalb Tourney

The Stewartville boys and the Maryville girls won the DeKalb County Outdoor Basketball Tournament, October 31 and will represent their County at Maryville. Lorene Brueckner refereed the girls' games and Mr. Hoen, St. Joseph, was boys' referee.

Lorene reports that she visited the Gower, Maryville, and Stewartville high schools and that the students in each place were deriving much pleasure from the 1925 Towers which were sent out recently by the College to all the high schools in this District.

How Honest Can We Be, Asks Y. W. C. A.

The Y. W. C. A. girls discussed the question, "Just how honest can we be?" bringing out several phases of the question as it touches college students, particularly, such as: handshaking, cheating on examinations, gossiping, borrowing money, copying notebooks, and the misuse of the library.

The cabinet held its regular meeting after the Y. W. C. A. meeting. Plans for the coming quarter were discussed. There are ninety-six girls enrolled in the organization this quarter.

Frosh Candidates For Tower Queen Selected

Opal Anderson, Helen Pixler, Jessie Bennett, and Stella Pettigrew were nominated as freshman candidates for Tower Queen at a meeting of the Freshman Class on Friday afternoon, November 6. At the next meeting of the class one from the list will be selected as the candidate.

Bronze Letter Club To Meet Wednesday

The Bronze Letter Club will meet in the Recreation Room in the college building this Wednesday night. The program will be given by the faculty advisors of the three literary societies.

David Nicholson, Mario Cloud, Myrle Hankins, and David Max are in charge of the social part of the meeting. The club urges all those who have their names on the Bronze Plates to attend this meeting.

The Courier has received an invitation to the Daleview School and Community Fair which will be held Friday, November 6, 1925. O. C. Williams, a former S. T. C. student, is superintendent.

H. S. Students Give Interesting Play

The high school assembly of the College was entertained Thursday by the play, "Squaring It With The Box." The cast of characters were as follows: Jimmy Greening—Bill Lamkin
Beth Greening—Lois Dakan
Aunt Hortense—Marion Clark
Aunt Clarissa—Verna Owens
Mr. Dunne—Robert Ruhl
Johnny Bender—Lester Hall
Bill Lamkin and Lois Dakan had the leading parts and played them exceptionally well. Marion Clark and Verna Owens, as the two aunts, played their parts equally as well.

Stella Vae McDowell, S.T.C. Freshman, Dies

Death Comes Tuesday Morning At St. Francis Hospital Following Illness of Uremic Poisoning—Funeral Services Held At Graham.

Miss Stella Vae McDowell, 18 years old, a student of the College, died at 8:15 a'clock Tuesday morning at the St. Francis hospital following a several days' illness of uremic poisoning. Miss McDowell was taken ill Friday morning while in school and was removed to the hospital Sunday morning. She was the daughter of Mr. and Mrs. C. C. McDowell, living four miles northeast of Graham.

Funeral services were conducted by the Rev. S. P. Allison, Thursday at the Methodist Church in Graham. Burial was in the Graham Cemetery.

Blanche McMillan represented the freshman class at the funeral. The pallbearers were: Olin Wakely, Ellis Andrews, Floyd Billingsley, Oakley Moore, Wayne Hayzlett and Robert Mountjoy. The flowers were in charge of Gola Eckles, Electa Bailey, Catherine Gray, Eudora Medsker, Elta Marie Stiversson and Frances Lee Mowry.

Others from the College who attended the services were: Dean Barnard, Ruth Decker, Lee Decker, Wilma Smith, Alice Sewell, Mayne Miller, and Alice Barr.

Miss McDowell was graduated from the Graham High School in the spring class of 1925 and entered the College in September. Although she had been in College only a short time she had made a host of friends.

Russian Choir Gets High Praise Here

Thursday evening at the College auditorium the Russian Symphonic Choir, under the direction of Mr. Basile Kibalich, the organizer, gave a most remarkable and impressive program. The program consisted of rich choral music of the church, classic and romantic music, folk songs of Russia and the related Slavic nations.

The singing and humming, at all times, was so beautifully rendered that one wondered whether he listened to human voices, to an orchestra of stringed instruments, or to a magnificent pipe organ. The voices were well-balanced, and above the ordinary in quality and range. They sang unaccompanied and the slightest motion of the director's hand brought forth a remarkable response, perfect in technique, harmony, and intonation.

The music, with its changing cadence and perfect choral effects, carried the audience with its emotional appeal and at times the audience sat spellbound with the marvelous effects produced.

Prohibition, a Success Orville Adams Says

"Prohibition has saved about 350,000 lives each year, alcoholic insanity has decreased two-thirds, there are less industrial accidents, there is more money for things which are more important, and there is much less liquor in the country," said Orville Adams in a short talk on "Prohibition" at the Y. M. last week.

"Sweet and Low," "Row, Row, Your Boat," and "Come Thou Almighty King," were the songs sung during the community singing.

The devotion was led by Sam Urban. His Bible reading was the twelfth chapter of Luke. In commenting upon the passage, he said that "We are in College so we can be of more service to the world."

"Caprice," (Robert Braun Eilenberg), a piano solo was given by Kenneth Leeson.

"Stars of the Summer Night" was the closing song.

Students In Music Give Chapel Program

The Conservatory students entertained the faculty and student body at assembly Wednesday, with the following program:

"Russian Dance", Dennis Emma Ruth Bellows
"Concerto No. 23", Viotti Audrey Stivali
Accompanist, Hettie Mae Woodward
"Come, Sweet Morning", Lehmann Pascal Monk
Accompanist, Elizabeth Mills
"Liebestraum", Liszt, Glythio Hackett
"Concerto No. 7", Debioriot Maude Kibbe
Accompanist, Katherine Kibbe

Dean Barnard Gives Talk
Dean Barnard addressed a recent meeting of the Department of Business and Finance of the Twentieth Century Club. Her subject was "The Work of the Dean of Women."

Mr. Phillips attended the demonstration meeting held in Rosendale, last Monday, for the teachers in that section of Andrew County.

In The Social Swirl

Kappa Omicron Phi Entertain

The Alpha Chapter of the Kappa Omicron Phi entertained all girls interested in home economics, Wednesday evening, November 4th in the west gymnasium.

Tacky dress was the accepted form for the evening. Games were played and stunts were performed. A prize was given to the group performing the best stunt, which was a dramatization of nursery rhymes.

Refreshments of punch and popcorn were served from a booth during the evening. Pumpkin pie and doughnuts were served at tables.

The alumni members present were: Misses Mabel Cook, Elizabeth Leet, and Francis Hahn.

The committee in charge of the program were: Aileen Vanzant, Mayne Grems, Mary Ruth Curfman, Dorothy Dow, Genevieve Todd, and Pauline Eckert.

The party was chaperoned by Miss Countryman and Miss Anthony.

Randall-Bellows Wedding

Probably the most surprising of all social announcements so far this year was the revelation Tuesday, of the wedding of Norma Randall and Donald Bellows, which took place September 7, at Troy, Kansas. The bridesmaid was Miss Frances Bonewitz of Savannah and R. W. Yost of Seattle, Washington, was best man. Mr. Bellows left the following Monday for Minneapolis to enter his sophomore year at the University of Minnesota. The bride is a student of this college, and is a member of the Pi Epsilon Pi sorority. Mr. Bellows is majoring in economics at the University of Minnesota, where he is affiliated with the Phi Kappa Psi fraternity. The couple are popular among their large circle of friends in the College and in Maryville.

Bridge Party

A bridge party was given Monday night, November 9, at the Newman Club for all club members. Those present were: Veronica Berg, Carlos Yehle, Joe Graves, Marie Farnan, Lawrence Sherlock, Austin Felton, Marguerite Riley, Margaret Quinlin, Edna Sturm, Gertrude Sturm, Dorothy Busby, Dorothy Rowley, Katherine O'Donnell, Miss Dvorak, Lucile Sturm, Frances Parle, Mrs. Louis Gram, Jr., Florence Busby, Mayne Grems, Lola O'Day, Carl Rankin, Esther Busby and Katherine and Margaret Franken.

Residence Hall Party

In spite of the fact that most of the College boys were in Warrensburg, there were more "dates" at Residence Hall Friday night, than ever before. Every girl had a date. No, the boys were not imported, they were taken from their own midst, for half of the "Dorm" girls, with the aid of "pep suits", borrowed property (?), steechob,

and eyebrow pencil, appeared at the party as the most dashing of college "fellows", escorting the half of the girls "dressed up" in their prettiest party dresses.

The occasion was a dancing and card party at Residence Hall Friday night for the dormitory girls, exclusively.

There were several "feature" dances. Julia Caldwell and Eleanor Buren got the prize for being the last couple on the floor in the "number" dance.

Mildred Omer, the most interesting dancer, made the "boys" furious and the girls thrilled by constantly "cutting in" on dances. The girls were of the opinion that Bob Campbell and Marlene Aebly were the keenest looking men that Helen Pixler was the best (?) dancer, and that Bill Todd had the "darlingest" moultache.

The music was furnished by Wm. Chaves who brought out the new Orthophonic Victor from the Raines and Chaves store.

Everyone helped himself to punch and wafers.

President and Mrs. Lamkin and Mrs. Chaves were guests.

The party was under the supervision of the Residence Hall social committee: Lorene Brueckner, Helen Pixler, and Myrle Hankins.

House Party

Helen and Roberta Young entertained the following girls with a house party at their home near Stanton last week-end: Margaret Snyder, Martha Hays, Mary Wray, Lucile Cole, and Gladys Brown.

Give Formal Luncheon

Dean Barnard was the guest of honor at a formal luncheon given by the Meal Serving and Planning class Tuesday noon. The members of the class are: Ruth Miller, Letha Wilson, Faye Townsend, Mary Curritt and Vera MacLeod. The class is conducted by Miss Countryman.

Dance for Football Boys

The Residence Hall girls entertained the football boys Saturday night with a dancing and card party.

As a special feature for entertainment was a group of violin selections played by Miss Dvorak. An added attraction were the solo dances given by little Mary Jane Jones assisted by "Key" Eads!

The music was furnished by Yehle's Orchestra.

First Senior Party

The senior class held the first of a series of parties at the College, November 9 in the east gymnasium.

The following committees were in charge: Refreshment Committee—chairman, Lucile Best, Floyd Cook, Elsie Brown, Myrtle Argo, and Russell Allan; Entertainment committee—chairman, Veronica Berg, Alyce Allen, Mrs. Carrie Margaret Caldwell, Mary Lois Carl, and Blanche Anderson; decoration committee—chairman, Iva Duke, Eugene Dixon, Omar Buzard, Grace Dietz, Howell England, Roberta Cook; reconstruction committee—chairman, Ray

Health Examinations

All the children in the Demonstration School were given a thorough physical examination last week, conducted by the staff of the Public Health office, under the direction of Dr. C. P. Fryer. The health report of each child was sent to its parents.

Mrs. W. B. Littell, Fairfax, is at Residence Hall caring for her daughter, Louise, and Mildred Allen, who are ill with the "flu".

Blomfield, Eugene Allison, Mary Curritt, and Lorene Brueckner; dance committee—Richard Baker and Ethel Blomfield.

Card games, floor games, and stunts, were part of the evening's entertainment and the party closed with a dance. Music for the dance was furnished by Russell Allen, Paul Neal, Donald G. Forth, Ethel Blomfield, and Glen Trullinger.

Aldrich-Jenkins

Maryville friends have received the announcement of the marriage of Miss Daisy Aldrich to Mr. J. Reed Jenkins on September 1. Mrs. Jenkins is the daughter of Mr. and Mrs. W. W. Aldrich of Sheridan, Mo., and is attending the College this quarter. Her many friends extend their best wishes. Mr. Jenkins is a graduate of Missouri University and is now living at Blocton, Iowa.

Waffle Supper

The third-floor Residence Hall girls gave a waffle supper last Sunday night in the dining room at the Hall. They made \$10 which will be added to the fund with which to purchase stoves for the kitchenettes.

Dramatic Club To Give Two More Plays

At the meeting of the Dramatic Club, November 10, the following one-act plays will be given:

"My Lady's Lace"
By Edward Knoblock
Moeder Kaatje, the lace-maker Ruth Ramsbottom
Mynheer Cornelius Gladys Adkins
Antje, his daughter Audrey Stivali
Jonker Jan, Antje's suitor Martha Collins
"Yesterday"
By Colvin Clements
Certain Lady of Quality Faye Townsend
A soldier David Max

The chrysanthemums are beginning to bloom in the greenhouse. The greenhouse is being repaired and painted.

While the Maryville Bearcats are playing the Springfield Bears the world will buy 1596 more Dunlops

ALL the world cheers Dunlop because the Dunlop Tire is a winner. During the brief hour of Friday's big football game, the world will buy 1596 more Dunlop Tires, because Dunlop's extra miles of comfort have been proven for 37 years on the highways of the world. And Dunlop's cost no more than ordinary tires.

EVERY 2 1/4 SECONDS somewhere in the world someone buys a DUNLOP TIRE
